

Mammographer

Karlskrona, Blekinge County
SWEDEN

Main responsibilities and expectations

- Breast Radiologist for the department in Karlskrona. As a physician in mammography, you will be responsible for independently examining clinical patients using techniques such as tomosynthesis, ultrasound, and biopsies of various types, including stereotactic and tomosynthesis-guided vacuum biopsies. You will also perform preoperative localization of tumors, lead or participate in multidisciplinary conferences, and supervise resident doctors. We are also pleased to now offer breast MRI in Region Blekinge and therefore value MRI expertise in applicants.
- You will have significant contact with patients and collaborate with other staff involved in the breast care process. Your closest colleagues will include breast radiologists, radiology nurses/registered nurses, and an administrative secretary. Since you will be working closely with your colleagues, it is important to us that you possess strong collaboration skills.

What's expected of you

- To have medical and specialist titles issued or recognized by the European Union.
- You will receive an introduction during your initial period and a mentor to support you. Your skills will be assessed, and training will be provided in areas where there are competency gaps.
- Regular wellness activities are part of the hospital's routine, and there is rarely a lack of coffee breaks.
- To be able to complete the intensive Swedish language course, which is part of the MediCarrera program.

Salary and Conditions

- Salary for a new specialist with no experience: 70.000 sek / month (6152 euros) gross.
- The average salary for a specialist doctor in Sweden is between 80.000 and 110.000 sek/month (7000-9600€) gross, duties paid separately. The salary is set individually according to specialist's years of experience.

MEDICARRERA OFFERS

- A free visit to see the place where you will live and work and meet future colleagues.
- A free online preparing and intensive language course.
- A free intensive online language course for partners.
- 2 weeks of face-to-face classes in Spain, with accommodation and free flight tickets for the doctors.
- A scholarship for the intensive language course of 1200€ monthly.

OUR SUPPORT

- We find you a place to live and help to register your children in a school or kindergarten.
- We help you with practical matters, such as social security number, medical card, bank accounts, etc.
- We help your spouse with sources for job search.
- We contact the moving company and arrange the moving trip.
- You receive an information package with practical details and a contact person to call in case of any problems.

MediCarrera

ABOUT THE CLINIC

The mammography department provides the residents of Blekinge with high-quality breast diagnostics in Karlskrona and Karlshamn. The department is staffed by 13 professionals from various disciplines, such as radiologists, radiology and general nurses, and a medical secretary. The department performs approximately 25,000 examinations each year, including mammography screenings and clinical examinations.

The mammography department is part of the Radiology Clinic and operates throughout Blekinge. The clinical activities, where you will be based, are located in Karlskrona, but health screenings are also conducted in Karlshamn. The workplace is characterized by a good atmosphere, cohesion, and collaboration, where we support and assist one another. We emphasize the opportunity for professional growth and offer good prospects for competency development in your medical specialty.

Karlskrona

Blekinge

In Blekinge, everything is so close. You can live in the country and work in the city. Or vice versa. You can live big or small, close to the sea or in the middle of the forest. You rarely have to compromise between free time, work, school, childcare, club life and housing. You can commute through the entire county at the same time it takes suburban residents of the big city to get to and from work.

Karlskrona is a city with approx. 67,000 inhabitants. Karlskrona hosts several museums and cultural institutions, including the Marine Museum (Marinmuseum), which provides insights into the history of the Swedish Navy, and the Blekinge Museum, which focuses on the region's cultural and historical heritage. The city also has a vibrant arts scene, with galleries, theatres, and music venues hosting a range of events throughout the year. Karlskrona is also known for its beautiful archipelago, which is one of the largest in Sweden. The archipelago offers a variety of natural landscapes, including rugged cliffs, sandy beaches, and wooded islands, making it a popular destination for outdoor activities like boating, fishing, and hiking.

In addition to its cultural and natural attractions, Karlskrona is celebrated for its status as a UNESCO World Heritage Site, recognized for its well-preserved baroque architecture and historical significance as a naval hub. The city's unique layout across 33 islands reflects its maritime origins, with landmarks like the Amiralitetskyrkan (Admiralty Church) and Bastion Aurora highlighting its naval legacy. Karlskrona's vibrant city center combines historical charm with modern amenities, offering an array of shops, cafés, and restaurants. Whether exploring its historic streets, embarking on a boat tour through the archipelago, or attending one of its many cultural events, Karlskrona offers a dynamic and enriching experience for visitors and residents alike.
